

## **BUSINESS MILEAGE INCREASES JULY 1, 2011**

**Effective July 1, 2011 to December 31, 2011, business mileage increases 4.5 cents to 55.5 cents per mile. This rate can be used by employers to reimburse tax-free under an “accountable plan” employees who supply their own vehicles for business use, and to value personal use of certain low-cost employer-provided vehicles.**

**Medical care mileage or in connection with a move (one that qualifies for moving expenses) also increases 4.5 cents to 23.5 cents per mile.**

**IRS – IR2011-69; Ann. 2011-40, 2011-29 IRB**
